

Brandywine Oak Private Wealth LLC
August 11, 2021
FORM CRS

Brandywine Oak Private Wealth LLC is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to “retail” investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Investment and Wealth Management Services; Financial Planning and Consulting Services; and Selection of Other Advisers**. Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Brochure by clicking this link <https://adviserinfo.sec.gov/firm/brochure/297021>. Please refer to Items 4, 7, 8, 13 and 16.

Account Monitoring: If you open an investment account with our firm, as part of our standard service we will monitor your investments on a continuous and ongoing basis.

Investment Authority: We manage investment accounts on a *discretionary* basis whereby **we will decide** which investments to buy or sell for your account. We have discretion to select, retain or replace third-party managers to manage your accounts. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We also offer *non-discretionary* investment management services whereby we will provide advice, but *you will ultimately decide* which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings: We provide advice on various types of investments. Our services are not limited to a specific type of investment or product.

Account Minimums and Requirements: In general, we do not require a minimum dollar amount to open and maintain an advisory account; however, we have the right to terminate your account if it falls below a minimum size which, in our sole opinion, is too small to manage effectively.

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services. For detailed information, refer to our Form ADV Part 2A, Items 5 and 6, by clicking this link <https://adviserinfo.sec.gov/firm/brochure/297021>.

- **Asset Based Fees** - Payable quarterly in advance, based upon the market value of the assets being managed by our firm on the last business day of the previous quarter. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict;
- **Fixed Fees** - Quarterly in advance; One-half of the fee payable upon execution of the advisory agreement and remainder is due upon completion of the agreed upon services.
- **Commissions** - We receive compensation in the form of commissions from the sale of insurance products since our firm is also a licensed insurance agency. This presents a conflict of interest since we have a financial incentive to sell you insurance products;
- **Other Advisory Fees** - You will pay additional advisory fees charged by third party money managers

(i.e. independent managers), which are separate and apart from our fees;

- Clients pay the following addition fees and/or expenses. Examples of the most common fees and costs applicable to our clients are:
 - Platform fees, custodian fees and account maintenance fees;
 - Margin related fees and expenses and fees related to mutual funds and exchange-traded funds;
 - Transaction charges when purchasing or selling securities including trade-away fees; and
 - Other product-level fees associated with your investments.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will I have for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- *Third-Party Payments:* Persons providing advice on behalf of our firm are licensed as independent insurance agents or registered representatives with a broker-dealer. These persons will earn commission-based compensation for selling insurance products or compensation in connection with the purchase and sale of securities or other investment products. This practice presents a conflict of interest because they have an incentive to recommend insurance or investment products to you for the purpose of generating commissions rather than solely based on your needs.
- *Arrangements with Affiliated Entities:* We are affiliated with Brandywine Oak Private Tax Advisory. If you require accounting services, we will recommend that you use the services of our affiliate. Referral arrangements with an affiliated entity present a conflict of interest for us because we have a direct or indirect financial incentive to recommend an affiliated firm's services.
- *Revenue Participation Agreement:* We have entered into an agreement with Dynasty Capital Strategies, LLC ("DCS"), an affiliate of Dynasty Financial Partners, LLC ("Dynasty"), to sell, via a note, an agreed percentage of the revenue generated by our firm, and in return DCS receives a fixed amount of funds payable over an agreed time frame. These notes are only made available for advisors who are and remain members of the Dynasty network of registered investment advisors. This arrangement presents a certain conflicts of interest due to the fact that we may be incentivized to use the services of Dynasty.

Refer to our Form ADV Part 2A, Items 5, 10, 12 and 14, by clicking this link
